

Shaima Nabeel Albokhari

Computer Science Graduate | Data Analytics & AI

Taif — Saudi Arabia (Open to Relocation) | +966 50 038 2523 | albokhari.shaima@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Computer Science graduate with First-Class Honors and a 3.97/4.00 GPA, specializing in data analytics, artificial intelligence, and software development. Demonstrated experience in developing AI-powered applications and evaluating large language models, including curating 284 Arabic questions and improving GPT-4 SAT analogy accuracy from 67.56% to 82.31% through prompt engineering. Skilled in Python, SQL, Power BI, PyTorch, and REST APIs, with hands-on experience turning technical concepts and data into practical solutions. Seeking to contribute analytical and technical skills to data, AI, and technology-driven roles.

EDUCATION

TAIF UNIVERSITY

B.Sc. in Computer Science | June 2025

- GPA: 3.97 / 4.00 (First-Class Honors)

EXPERIENCE

IT Trainee | AL-KHWARIZMI INSTITUTE

June 2024 – August 2024

- Completed a **2-month IT training program**, developing digital educational content and supporting technology-related activities.
- Designed and delivered a **website development workshop**, translating technical concepts into practical learning materials for participants.
- Collaborated on educational and technical activities, strengthening communication, organization, and teamwork skills.

PROJECTS

Graduation Project — LLM Verbal Analogical Reasoning | 2025

- Evaluated multiple LLMs on Arabic and English verbal analogy datasets, curating **284 Arabic questions** for systematic model evaluation.
- Improved GPT-4 SAT analogy accuracy from **67.56% to 82.31%** using a modified Chain-of-Thought prompting approach.

StayAwake — Smart Fatigue Recognition System | 2025

- Developed a driver fatigue recognition system using **ResNet18, MediaPipe, and OpenCV** to classify awake, drowsy, and sleepy states.
- Fine-tuned the classification model, achieving approximately **98% training and validation accuracy**.

Lubb — AI-Powered Web Application | 2025

- Developed a bilingual Arabic-English web application integrating **GPT-4o and DeepSeek R1** through REST APIs.
- Built interactive analogy-solving and timed-practice features using **prompt engineering, testing, and debugging**.

CERTIFICATIONS

- Microsoft Office Specialist: Excel Associate** – Microsoft (2024)
- Linear Algebra for Machine Learning and Data Science** — DeepLearning.AI | 2025
- Python Basics** – University of Michigan (2025)

SKILLS

- Data & Analytics:** SQL, Power BI, Excel, Data Analysis, Data Visualization, KPI Reporting
- AI & Machine Learning:** Python, PyTorch, Machine Learning, Large Language Models (LLMs), Prompt Engineering
- Development & Tools:** REST APIs, Git, GitHub, HTML, CSS, JavaScript
- Professional:** Analytical Thinking, Problem-Solving, Communication, Teamwork, Time Management

LANGUAGES

- Arabic — Native
- English — Intermediate
